

3M™ Eagle™ Premium Line Safety Spectacles

With unrivalled performance, Eagle is the first choice for protective eyewear with standard or prescription lenses. Blue frame with CR39-Clear lens colour.

Features Include:

- The translucent grilamid (plastic) frame with integrated side shields offers superior orbital protection.
- Pantoscopic temples, also adjustable in length, (3 positions), secure a perfect fit.
- New soft rotating tips provide a secure grip whatever the situation.
