

Vishay Bussed Resistor Network

2.2kΩ ±2% 9 Resistors, 1.25W

Total, SIP package CSC Solder

Stock No: 852-4759

Product Details

CSC Series 0.20W - 0.30W

The CSC Series of Vishay thick film resistor networks. The entire series is highly reliable and are all of excellent quality.

Various ohms available

All models rated from 0.20W - 0.30W

Reduces total assembly costs

"A" profile standard in 4 thru 12 pins

Vishay Resistor Networks

General Specifications:

Series	CSC
Resistance	2.2 kΩ
Number of Resistors	9
Tolerance	±2%
Power Rating	1.25W
Power Rating per Resistor	0.2W
Package/Case	SIP
Circuit Designator	BUS
Temperature Coefficient	±100ppm/°C
Termination Style	Solder
Dimensions	25.15 x 2.49 x 4.95mm
Depth	2.49mm
Height	4.95mm
Length	25.15mm
Maximum Operating Temperature	+125°C
Minimum Operating Temperature	-55°C
