- Powder coated for additional durability – choice of silver, gold, brown bronze or 12 Normbau finishes.
- Choice of plated finishes – satin stainless steel, polished stainless steel and polished brass.
- 5 year warranty.

Please note: not recommended for high use areas

Briton 1413E/LE - lever variant

- A combination of market trends and the effect of The Disability Discrimination Act (DDA) has resulted in an increase in market demand for lever operation.
- The lever is secured to the OAD by a special shear screw designed to fail if the lever is severely abused (e.g. attempted break in, or vandalism) ensuring the mechanism is protected from damage. The shear pin can then be simply replaced to restore normal operation.
- Lever supplied loose to allow easy on-site handing

Briton 1413E/KE – knob variant

- Ergonomic design providing improved grip in wet conditions.
- Non-handed

816 - Legge rim cylinder

- For use with Briton 378E and 1438E
- Available in polished brass and satin nickel finishes
