

STANLEY

STANLEY Interlock® 9mm Snap-off Blade Knife

0-10-095

Features:

- Solvent resistant, metal body for strength
- Quick and easy blade change through notched wheel – no tools required

Description:

The STANLEY Interlock® 9mm Snap-off Blade Knife has a patented wedge lock safety feature which ensures the blade is secure within the knife. The durable solid die cast metal body is solvent resistant. Blade change has been made quick and easy with the notch wheel feature, so no tools are required during blade change.
