RS Pro Insulated Earth Strap For Use With Enclosure Panel

RS Stock No: **264-9225**

Product Details

RS Pro insulated earth strap in green and yellow colour, is made of copper provides a low impedance path for RFI generated currents, overcoming the problems associated with the 'skin effect'. It measures of 150 mm and is suitable for use with enclosure panel.

Features and Benefits

- Tinned copper, flat earth straps fully insulated with a green/yellow sleeve
- Strap provides a low impedance path for RFI generated currents, overcoming the problems associated with the 'skin effect'
- Sleeve meets requirements of UL224 and offers electrical isolation up to 10 kV
- Sleeve temperature range of -55 to +135°C
- Four types from 75 mm long to 457 mm long, each 13 mm wide with 4.75 mm dia. holes punched at each end

**Specifications:**

| | |
|---------------------|-----------------------|
| Colour | Green, Yellow |
| Dimensions | 150 x 13 mm |
| For Use With | Enclosure Panel |
| Length | 150 mm |
| Material | Copper |
| Type | Insulated Earth Strap |
| Width | 13 mm |
| Flammability Rating | UL 224, VW-1 |
| Insulation Material | Polyolefin |
| Temperature Rating | -55 to +135°C |
