PACKAGING CONFIGURATION

Presentation	Earplugs packed in pairs in a re-sealable zip polybag. Inner carton with dispensing tray. Insert with user's instructions included in the dispenser carton	
Product code	67220	67221
Pairs per carton	100	100
Cartons per case	4	4

FEATURES

- Earplugs made of soft-flexible thermoplastic elastomer
- Latex, silicone and phthalates free
- Orange colour
- Each pair individually packed in wall mountable dispenser carton
- Gripper design, corded version available
- Reusable

BENEFITS

- Increased comfort during prolonged use
- It allows easy insertion through the ear canal
- Reduced risk allergic and/or toxic reactions
- High visibility from the distance to control noise protection use
- Hygienic dispensing and storage even when installed and carried in dusty production areas
- Improved hygienic conditions to handle earplugs
- Follow provided recommendations and instructions to clean and disinfect

IMPORTANT INFORMATION PROVIDED TO USERS

This product should be worn properly at all times in noisy surroundings. The earplugs should be fitted, adjusted and maintained in accordance with instructions provided on the packaging. If the recommendations are not adhered to, the protection afforded by the product will be severely impaired. This product may be adversely affected by certain chemical substances; avoid the use of agents (i.e. solvents and other disinfectants) that are known to be harmful to the wearer and/or the earplug. Regularly inspect for tears or cracks and replace if serviceability is suspected to be affected. Corded ear plugs should not be used where there is a risk that the connecting cord could be caught up during use. In case earplugs are intended for more than one use, use antimicrobial soap and warm water. Allow to dry naturally. If further recommendation is required to disinfect this product, please contact Kimberly-Clark Professional for advice. Use provided re-sealable packaging to ensure hygienic storage.

CONFIDENTIALITY STATEMENT
