

# Scotch-Brite™

## Ref 740

### Commercial Care Sponge Laminate for General Purpose cleaning

#### Technical Data

TD 210

Date : November 98

Supersedes : April 97

Author : PL

#### Description :

The product is a dual function general purpose cleaning tool which is a combination of a regular grade general purpose open textured non-woven web containing abrasive material, laminated with an adhesive, onto a pure cellulosic sponge.

#### Product Advantages :

- Excellent scouring performance, can remove baked food.
- Easy to handle
- Conformable
- Doesn't keep or release harmful ingredients
- Very good lasting.
- Can work in hot water and usual cleaning chemicals (diluted bleach only)
- High absorption power.

#### Where and When to Use :

Sponging and scouring walls, woodworks, tables, counter-tops, pots and pans equipment in the kitchen.

The Scotch-Brite™ 740 scouring sponge is a medium aggressive product and should be used on surfaces not damaged by scratching.

It is not adapted for sanitarries and bathroom cleaning.

#### Maintenance :

- Rinse the product after each use under tap water.
- Remove deep embedded soil from the scouring part by brushing it with a nylon brush.
- Rinse under clear water prior first use.

#### Product Characteristics :

Property	Nominal Value
Weight	25 g per unit①
Thickness :	27 mm
Size :	131 x 88 mm
Printing :	White 3M on web side
• Web color	• Green
• Sponge color	• Blonde
<u>Sponge part</u>	Cellulosic
• Thickness :	• 20 mm
• Tensile strength	• 1,2 kg/cm <sup>2</sup> ② • 2,3 kg/cm <sup>2</sup> ③
• Water absorption :	• 27 times its dry weight nominal
<u>Web</u> = 96 type	④
• Aggressiveness	3,1 g removed
Composition	• Nylon fiber • Dedicated mineral • Polymer resin

① Indicative as depends on humidity content.

② machine direction

③ cross direction

④ Schiefer test on acrylic plate material (after 5000 revolutions with a new pad)

#### Packaging :

- 60 pads per case (Each unit is individually wrapped in printed film ; 20 units per intermediate, 3 intermediates per case)
- Case weight : 2,25 kg nominal
- Case cube : 0.24 dm<sup>3</sup>
- Palletisation : 2 x 16 cases on Europallet (800 x 1200 mm)

#### Labeling :

- Each pad is printed on the green side (3M logo)
- Each carton shall be labeled to identify the contents by product name, size and manufacturer.

#### Product Origin :

- Made in France or in Spain in ISO 9002 certified manufacturing sites.
- Source of Supply : 3M France, S.O.A.
