

RFID Kit

► SPECIFICATION

Frequency	13.56 MHz
Operating range	Up to 10cm depending on tag type
Communication Port	RS232
Power Supply	5V DC, USB power or DC jack
Reader Size	200 x 100 x 15mm (L x W x H)
Antenna Size	75 x 50mm (L x W)

➤ FEATURE

- Allows developers to evaluate the TRH031M reader IC chip
- enables various applications development for Windows 98, 2000 and XP
- enables the development of readers compatible with all available standards such as ISO 14443A,B, 15693
- provides plug&play tools and evaluation software(SDK) to allow beginners to test the TRH031M™ chipset functionalities
- Supports ISO 14443 Type
