## Product Description

This range of versatile modular drawers offers an ideal storage solution for use in a wide range of applications, including professional use.

The system is equipped with a structure and drawers made of polystyrene, for an excellent durability and resistance over time, to shock and corrosion by aggressive chemical agents.

The drawers are perfect to store and organize small and medium-sized components, transparent for a full visibility, accessibility and flexibility, in a wide variety of areas.

The unit itself, with a sturdy and linear design, is stackable to allow maximizing the available space fully, simultaneously ensuring a clean and tidy work space
