

FOLDING PLATFORM STEPS

Manufactured from distinctive yellow 85mm x 31mm stile channel and 45mm x 25mm back leg channel to the same specification as swing back steps but incorporating a platform 265mm wide and 500mm long which folds away in place of the top two treads when not in use. In use the platform locks into position and will support one person with a knee rest facility that can also be used as a tool tray. The high specification makes this suitable for all trades.

THIS PRODUCT COMPLIES TO: ANSI 14-5 and ESI 13-1.

PLATFORM STEPS

CODE NO.	OVERALL LENGTH	PLATFORM HEIGHT	NO. OF TREADS
