RS Pro Trace Heating Thermostat, -5 to +40 °C

RS Stock No: **665-7560**

Product Details

RS Pro trace heating thermostat is suitable for operating temperatures ranging from -5 to +40°C. It is designed for the control of surface temperatures of trace heating pipes and vessels within a hazardous area. It is an on/off unit with electrical switch operated by expansion of the liquid in the sensing bulb or capillary.

Features and Benefits

- -5 to +40°C
- SIRA approved for zone I and zone II hazardous areas
- ATEX certification

Specifications:

Hazardous Area Certification	ATEX
Maximum Operating Temperature	+40°C
Minimum Operating Temperature	-5°C
Operating Temperature Range	-5 to +40°C
Type	Thermostat
