

## GarageGuard™

For securing 'up and over' garage doors  
with T Handle locks

### Benefits

- Prevents opening the garage door by forcing the 'T' Handle.
- Garage Guard rotates freely when attacked resisting levering and forcing of lock.
- Visible deterrent. Thieves can see that your garage is secure. You can see clearly that you or family members have locked your garage.
- Easy to fit, lightweight and easy to use.
- No DIY skills needed.
- Fits the majority of 'T' Handles. Suitable for most 'Up and Over' garage doors.

Model	Diameter	Depth
Garage Guard 1	135mm	90mm
