

Datasheet

RS Pro Cable Trunking End Cap PVC Skirting Left End Cap, Skirting Right End Cap

RS Stock No: **787-4536**

Product Details

RS Pro skirting left and right end cap is made of PVC. The SL slim line range of cable management product is manufactured from RAU PVC 1308 that is a tough, rigid material, with excellent resistance to chemicals and ageing. This trunking socket box is suitable for domestic and light commercial installations, including hotels. It is perfect for those faced with the challenge of re-cabling in refurbishment projects. Although slim line in design, the SL range can still address the need to segregate high and low voltage circuits. The base is pre-punched, which facilitates speedy positioning and installation.

Features and Benefits

- Available in 70 x 20 and 110 x 20 mm
- PVC-U construction
- Colour RAL 9010 pure white

Specifications:
