Sealant Gun, Manual Dispenser Cartridge 200 ml

RS Stock number [2397772](#)

Description

Dispensing guns and static mixing nozzles for structural adhesive cartridge systems. The robust guns are fitted with a ratchet propelled twin piston which forces against the syringe plungers giving an even, reliable flow of material. The guns enable fast replenishment of adhesive for good working operations. The static mixing nozzles are designed with a helical mixing baffle which ensures full mixing. The ends of the mixers can be cut back to increase the bead size applied.

Features

- 1:1 and 2:1 ratios
- Total volume capacity of 215mL for 1:1 ratio and 222mL for 2:1 ratio.
- High quality, sturdy one-piece design
- Fits industry standard dispensers
- Available from stock
- Open or closed outlet
- Solid Multi-Seal Piston or Multi-Seal Piston with an Prestige Centre Bleed Plug
- New AF piston available for 1:1 ratio
