(up to 100MB/s read, 30MB/s write)
- 32GB in green**
(up to 100MB/s read, 55MB/s write)
- 64GB in purple**
(up to 100MB/s read, 55MB/s write)
- 128GB in black**
(up to 100MB/s read, 55MB/s write)

Faster File Transfer with USB 3.0 Technology

One of the smallest USB 3.0 drives available, the affordable, high-performance Lexar® JumpDrive® S33 allows you to quickly transfer photos, videos, and files with speeds up to 4x faster than standard JumpDrive USB 2.0 drives.* The drive features a stylish swivel design with a retractable connector, sports a convenient key ring, and is available in a range of colors and capacities from 8GB-128GB.

Convenient, Reliable Portable Storage

Store and Transfer Content Faster. With a busy life on the go and so much to do, the last thing you want is to spend extra time waiting for your files to transfer. With speeds up to 100MB/s read and 55MB/s write*, the Lexar JumpDrive S33 USB 3.0 flash drive is up to 4x faster than standard JumpDrive USB 2.0 drives. You can now transfer a 3GB HD video clip in less than 90 seconds, 13x faster than the 20 minutes it takes using a standard USB 2.0 drive.** For added versatility, the drive is backwards compatible with USB 2.0 devices.

Approximate Write Comparison (min:sec) ¹		
	JumpDrive S33 (USB 3.0)	JumpDrive (USB 2.0)
1000 photos (3.8MB photo)	2:05	12:20
1 HD video (3.3GB video) [†]	1:16	19:50
500 photos (3.8MB photo) and 5 HD videos (1GB video) [‡]	2:52	21:15

¹Based on 32GB capacity. 12 megapixel photo. [†]HD 1080P@30fps (46 Mbps) video and [‡]HD 1080P@24fps (18 Mbps) video.

Designed for Convenience. Beyond its performance and good looks, JumpDrive S33 is designed for convenience. Its small slim, swivel design includes an automatically retractable connector, which means there's no cap to lose. And with the included key ring, you can easily attach it to your keychain, computer bag, backpack, or purse.

Colorful Style. Lexar JumpDrive S33 comes in a range of colorful capacity options—8GB in orange, 16GB in teal, 32GB in green, 64GB in purple, and 128GB in black—providing a great color coding system to help you organize your drives and their contents.

Lexar Performance, Quality, Compatibility, and Reliability. All Lexar memory card, card reader, and USB flash drive product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability. This provides customers with a high level of confidence when using Lexar products to capture, manage, move, and store the memories that matter.

Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, and USB flash drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.™

*Up to 4x faster write and read speeds when compared to standard JumpDrive USB 2.0 drives using a USB 3.0 port. Speeds based on internal testing. Actual performance may vary.

**Based on 32GB-128GB capacities. 3.3GB video, HD 1080p@30fps (46 Mbps) video.

Some of the listed storage capacity is used for formatting and other purposes and is not available for data storage. 1GB equals 1 billion bytes. For more information, go to www.lexar.com/capacity.
