

Product Number: 88A1

**3M™ Table Mat, Blue, 2 x 3 ft. (0.6 x 0.9 m)
88A Series**

Dissipative table mats include two 3M™ Snap Fasteners 3034 (installed) and one 3M™ Wrist Strap Grounding System 3048.

Additional Information:

3M Static Dissipative Rubber Mats and Rolls 8800 Series consist of a top layer of static dissipative rubber laminated to a bottom layer of conductive rubber. Both layers are made from vulcanized synthetic rubber, which offers excellent resistance to oil, grease and most common solvents. They offer superior resistance to heat and hot solder as compared to vinyl or olefinic materials. Non-standard sizes are available on a custom order basis. Compatible with constant monitors.

Non-standard sizes available on custom order basis up to 50 ft. (15.2 m) maximum length.
