

The Magic Bridge is a USB to IDE and eSATA to SATA dual interfaces bridge adapter. It allows you to connect an existing ATA/ATAPI/ IDE interface device via USB port or SATA interface device via eSATA port. It provides a quicker, easier and more flexible storage bridge for your storage equipment.

Hardware Requirements:

- IBM PC or Macintosh computer with one USB2.0 and/or SATA / eSATA host connector.
- Requires Windows 98SE/ME/ 2000/ XP and Mac10.X or higher.
- Windows 98SE requires device driver.
- Requires standard ATA/ATAPI/ IDE/SATA interface storage
