**DicksonWare™ Software and
USB Download Cable Version 8.1****Features:**

- Required to access and view data through USB ports for SM300/320/325 and TM320/325 Data Loggers.
- Microsoft Windows® compatible
- Allows for simple viewing and zooming of logged data
- Easy set-up of Dickson Data Loggers including:
 - User selectable sample intervals from 10-seconds to 24-hours
 - Display temperature in C or F
 - Delayed logger start times
 - Logger data capacity can be set to wrap data or stop when full
 - Allow for real time monitoring and graphing.
- Effortless exporting of data and graphs to other software
- Data can be viewed in tabular(numeric/table) or graphical formats
- Fast downloading of logged data - 30 seconds (typical) from full logger
- Even shows battery power status for battery operated loggers
