RS Pro 2m 36-Pin Male Centronics to 36-Pin Male Centronics Serial Cable Assembly

Product Details

Centronic Cables

A range of 36-way male to male Centronics® cable terminated in 'Delta' style connectors. The connectors are moulded in PVC and have a full screen to give complete RFI/EMI protection. Pins are wired one to one straight through. A typical application would be as an extension cable with Centronics®-ported data switches.

Conductors	24 a.w.g. tinned copper wire
Shielding	100% aluminium Mylar foil
Current ratings	2 A max.
Operating voltage	300 V max.
Temperature rating	60°C
Contact resistance	15 mΩ max.
Mating cycles	500 cycles

PC Cables

Specifications

Connector A	36-Pin Male Centronics
Connector B	36-Pin Male Centronics
Length	2m
