

## Datasheet

# DP-CO Cap Microswitch, 0.1 A@ 110 V dc, 0.6 A@ 110 V dc, 16 A@ 250 V ac

RS Stock 797-2561

### Dimensions: (mm)

## Specifications

Characteristics	
Circuit facilities	Double pole changeover
Actuating force	800 gms. (Max)
Release force	160 gms (Min)
Centre distance between two adjacent units	29.0mm (min)
Cut- out size	2.5mm

## Characteristics

- Versatile switch suitable for many heavy duty applications
- Double pole change over
- Available with solder, quick connect and screw terminals
- Long mechanical and electrical life
- Fine silver contacts
- Temperature range up to 85°C
- Positive snap action
- Conform to IEC 1058-1 standard
