

## Software - CLIP-PROJECT PROFESSIONAL - 5146053

Please be informed that the data shown in this PDF Document is generated from our Online Catalog. Please find the complete data in the user's documentation. Our General Terms of Use for Downloads are valid (<http://download.phoenixcontact.com>)

Multi-lingual software for terminal strip project planning. A marking module allows professional labeling of markers and labels for marking terminal blocks, conductors, cables and devices. The additionally integrated software module TRABTECH-select for planning comprehensive surge protection concepts.

### Why buy this product

- Quick, easy, and flexible adaptation to changing requirements
- The labeling is clearly assigned in the project structure
- The professional version also includes an efficient template designer, which can be used to design custom labels and adapt existing material descriptions
- Graphics, various barcode types, and geometric elements such as squares, circles, and lines can be accessed for design work
- Data can also be imported into the templates from various data sources
- Labeling is produced in the sub-projects

### Key commercial data

Packing unit	1 pc
GTIN	 4 046356 164221
Weight per Piece (excluding packing)	99.7 g
Custom tariff number	85234945
Country of origin	Germany
