Datasheet

2x 50ml bottles coolant & inhibitor

RS Stock number 480-172

RS Miniature Pumps

High quality miniature pumps, ideal for the electronics (cooling), medical or aeronautical industries, and research & development of portable equipment. RS miniature pumps use the centrifugal principle and give a smooth pulseless flow. They are exceptionally quiet and reliable.

Very small & lightweight

Maximum dimensions 15.7 x 15.7 x 28.5 mm, 14 g

Quiet and smooth pulseless flow

Robust machined aluminium construction

Can run from batteries, solar panel, or mains power supply

Machined aluminium with black anodised finish

Stainless steel connectors, work with flexible tubing for push fit

Three-port versions available for easy quick priming and bleeding of sealed circuits etc

Maximum Viscosity 20 cSt
