

Datasheet

RS Pro Digital & Programmable HVAC Thermostat, 2 (Weekends) days, 5 (Weekdays) days, 7 days

RS Stock No: 719-4152

Product Details

RS Pro digital and programmable HVAC thermostat comes with LCD display for effective measurements. This programmable wireless RF controlled room thermostat set consists of a transmitter and a receiver with 30-metre range. The device can be programmed for 2 (Weekends) days, 5 (Weekdays) days and 7 days. A unique facility called RF address code setting is built into the RF receiver as part of the commissioning procedure. This ensures that the receiver will only respond to instructions sent to it from transmitter.

Features and Benefits

- Blue/red LED backlit keys and screen
- 3 separate working frequencies
- Transmitter is powered by 4 x AAA batteries

**Specifications:**

Additional Features	Backlight, R/F Address Code, Wireless
