## 800x CompactFlash® Card

### Product Highlights:

- High-speed performance—leverages UDMA 7 technology to deliver a read transfer speed up to 800x (120MB/s)\*
- Captures high-quality images and extended lengths of stunning 1080p full-HD, 3D, and 4K video with a DSLR camera, HD camcorder, or 3D camera
- Supports the Video Performance Guarantee (VPG-20) specification for professional-quality video
- High-speed file transfer from card to computer to dramatically accelerate workflow\*\*
- Includes downloadable Image Rescue® software to recover most photo and select video files\*\*\*
- Backed by expert support and limited lifetime warranty

### Capacities:

|      |       |
|------|-------|
| 8GB  | 128GB |
| 16GB | 256GB |
| 32GB | 512GB |
| 64GB |       |

## Capture high-quality images and HD video with professional-level speeds and capacities

The Lexar® Professional 800x CompactFlash® card lets you quickly capture and transfer high-quality photos and 1080p full-HD, 3D, and 4K video, with a read transfer speed up to 800x (120MB/s).\* And you'll power through post-production with high-speed card-to-computer file transfer.\*\* This dramatically accelerates workflow from start to finish, so you can save time and get back to the business of photography.

### Improve capture, transfer, and workflow

**High-speed performance you can trust.** Whether you're a professional photographer, videographer, or enthusiast, the card provides performance you can trust. It leverages UDMA 7 technology to provide a read transfer speed up to 800x (120MB/s).\*

**Shoot high-quality images and 1080p full-HD, 3D, and 4K video.** Whether you're using a DSLR, HD camcorder, or 3D camera, you'll be able to leverage the latest features available for shooting high-quality images and stunning 1080p full-HD, 3D, and 4K video.

**Store your shoot on one card.** The massive storage capabilities of the 256GB and 512GB cards address the demands of photographers and videographers who are tapped to capture more while out on assignment. With the ability to do it all on one card, you'll save the valuable time that's normally required to change cards or transfer files to computer.

**Capture professional-level video with VPG support.** The card supports the Video Performance Guarantee (VPG-20) specification. This means the card's been tested and guaranteed for professional video capture streams at a minimum guaranteed write speed of 20MB/s. This enables professional-quality full-HD video capture at high frame rates with no dropped frames.

**Save time with dramatically accelerated workflow.** The card's high-speed performance dramatically accelerates your workflow from start to finish, so you can save time and get back to the business of photography.

**Recover files with Image Rescue® software.** The card includes the latest version of Image Rescue® software, which recovers most photo and select video files, even if they've been erased or the card has been corrupted.\*\*\* The software is available for free download with purchase of the card.

**Warranty and support.** All Lexar Professional line memory cards come with a limited lifetime warranty and are backed by expert technical support.

**Outstanding compatibility.** The Lexar team works with major camera manufacturers to ensure cards are compatible with their digital cameras—from the simplest to the most complex.

**Rigorously tested.** All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

**When memory matters, the choice is Lexar.** With a history of more than 15 years in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

*Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, and USB flash drives. With so many options, it's easy to find the right Lexar solution to fit your needs.*

### Lexar. When Memory Matters.™

\*Up to 120MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary.

\*\*When paired with a UDMA 7-enabled reader, sold separately.

\*\*\*Image or other data recovery is not 100% guaranteed.

Limited lifetime warranty is limited to 10 years from purchase in Germany.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
