

Product Information

New ergonomic Tweezers

Developed by Erem, a new range of tweezers with Ergonomically shaped handles to alleviate the problem of Carpal Tunnel Syndrome and reduce operator fatigue. The range has been selected to include the most popular tip shapes.

Features:

- Ergonomic design for operator comfort and ease of control.
- Two colour, thermally insulated soft grip handles moulded from a synthetic material exclusive to Erem.
- ESD safe.
- The grips absorb heat for additional user protection.
- Manufactured from non magnetic, acid resistant, stainless steel alloy.
- Supplied in a rigid, transparent plastic box for protection and storage.

The range comprises:

	E2ASA	120 mm	Flat rounded points Tip width 2mm
	E3CSA	110 mm	Straight fine points
	E5SA	115 mm	Superfine tips
	E7SA	120 mm	Curved points
	EOOSA	120 mm	Straight strong points with flat inside edges

Note: Dimensions are subject to change without notice.
