

Ansell Occupational Healthcare general purpose gloves - Instructions for use**A Use**

These gloves are designed to protect the hands against mechanical risks. They are in conformity and are marked as per requirements of the European Directive 89/686/EEC and its Amendments and they are in compliance with the applicable European Standards (please ask for the Conformity Declaration for more information). Please ensure the gloves are used only for the designed purpose. For more information on the glove's performances, please consult :

- the information included in or on each packaging enclosure and/or
- the Ansell Occupational Healthcare catalogue and/or Product sheet and/or
- Ansell Occupational Healthcare' customer service department.

B Precautions for use**NEVER USE THESE GLOVES AGAINST CHEMICALS.**

Never wear dirty or oily gloves - they might irritate and/or infect the skin, causing dermatitis. If this occurs, obtain medical advice. Before usage, inspect the gloves for any defects or imperfections. Avoid wearing damaged or worn out gloves as this allows dirt to pass through holes to the skin.

C Ingredients / Hazardous ingredients

Some gloves might contain ingredients which are known to be a possible cause of allergies to sensitised people, hence may develop irritant and/or allergic contact reactions. If allergenic reaction should occur, obtain medical advice. For more information, please contact Ansell Occupational Healthcare' technical department.

D Care instructions

Storage: Keep out of direct sunlight; store in a cool and dry place. Keep away from sources of ozone or ignition.

Cleaning: Consult the laundering instructions included in each packaging enclosure. Used gloves which have been laundered do not necessarily have the same performance levels as indicated by the pictograms. Ansell Occupational Healthcare cannot be responsible for the performance of their gloves after laundering.

E Disposal

Used gloves may be contaminated with infectious or other hazardous materials. Dispose of according to Local Authority Regulations. Landfill or incinerate under controlled conditions.
