Cleaning Fluid

RS Stock number [513-679](#)

Introduction

A light duty solvent cleaner and degreaser primarily for electrical equipment and electronic components.

Where to Use

- On any metallic and most plastics substrates, for the removal of dirt, greases and oils.

Where not to use

- On any energised or live electrical components.

Benefits

- Dissolves oils greases and most flux residues.
- Ease of use, no post application operations.
- Fast use, quick evaporation.
- Totally volatile, residue free.

**Physical Properties [Electrical Cleaner base except where stated]**

Appearance	A clear colourless liquid with a strong alcoholic odour.
pH	Not applicable
Specific Gravity	0.80 +/- 0.02
Non Volatiles % m/m	None
Active Content % m/m, as supplied	70 – 90
Viscosity	Thin liquid
Flammability, as supplied	Extremely flammable, flash point below -20°C.
Composition Data, as supplied	Propan-2-ol in a butane/isobutane/propane propellant
Service Temperature	Designed for use at ambient temperatures.

Application

Always isolate all electrical equipment. Apply liberally, directly to the surface from a distance of 15 – 20 cm. Allow to evaporate, wiping away any excess with a clean dry cloth. Ensure complete evaporation prior to re-connecting to the power supply.
