RS Pro Serial Cable Assembly 10m Male to Female, DB25 to DB25

Product Details

RS-232 Cables

The assemblies consist of two high quality 25-way tinned 'D' connector shells (the terminations of which are encapsulated in a thermoplastic moulding, over a metal hood, with integral jack screws) on either end of screened, screened multicore cable. Two types available: 25-Way fully populated, and 25-Way populated 9 ways only. The latter have only the followings pins connected: 1, 2, 3, 4, 5, 6, 7, 8 & 20

Specifications:

Connector A	Male DB25
Connector B	Female DB25
Length	10m
