

## Datasheet

# RS Pro Trace Heating Thermostat, -50 to +150 °C

RS Stock No: **703-3202**

## Product Details

RS Pro trace heating thermostat is suitable for operating temperatures ranging from -50 to +150°C. This digital thermostat with PTC sensor has the facility to set both high and low temperature alarms. It withstands currents up to 16 A and voltages up to 110 V/240 V. This IP65 rated versatile temperature controller offers high accuracy suitable for trace heating applications.

## Features and Benefits

- Digital thermostat with PTC sensor
- Versatile temperature controller with high accuracy, suitable for trace heating applications
- Has an alarm relay output
- Has the facility to set both high and low temperature alarms
- Process parameters and setpoints are adjusted by the membrane keypad
- Current rating 16 A
- Voltage rating 110 V/240 V
- IP65 rated

**Specifications:**

Maximum Operating Temperature	+150°C
Minimum Operating Temperature	-50°C
Operating Temperature Range	-50 to +150°C
Type	Thermostat
IP Rating	IP65
