

Logitech® MX™310 Optical Mouse

Internet Forward/Back • MX™ Optical Engine • Mac • Optical • PC • PS/2 • Quick Switch • Scroll wheel • USB

This is not your ordinary optical mouse. The MX™310 features Logitech's new MX™ Optical Engine, a tracking technology so advanced that you get instant response to even your fastest movements. You'll get outstanding performance, a comfortable fit, and an array of time-saving extra features... all in an eye-catching design.

Once you step up to the advanced precision of the Logitech MX™ Optical Engine, you'll never look back. This amazing high-resolution sensor measures the smallest motion to give you instant response to even your fastest movements. Once you plug it in, you'll enjoy the difference immediately: from the ultra-smooth, precise tracking to the sleek silver and black design to the comfortable sculpted shape that fits both left and right hands. Plus, a collection of advanced features will streamline frequent tasks like scrolling through long documents, switching between applications, and navigating the web.

- Enjoy smooth, trouble-free operation thanks to an advanced optical sensor
- Zip back and forth between open documents with the handy Quick Switch button
- Use two convenient buttons to navigate forward and back in your web browser
- Easily scroll through long documents, without having to move your mouse an inch
- Get comfortable with its sculpted shape that fits in either your right or left hand

Step Up to Advanced Precision

- **Logitech® MX™ Optical Engine**
This new benchmark in optical systems combines high resolution and high frame rate to achieve superior performance. A revolutionary new 800 dpi sensor captures 4.7 megapixels every second, measuring even the smallest movement. You get more accuracy and control on more surfaces than ever before.
- **Quick Switch program selector**
At the touch of a button you can switch views between active programs and documents.
- **Convenient Internet navigation**
Two conveniently located side buttons let you easily move forward and back through pages on the Internet.
- **Comfort and control for either hand**
The comfortable rounded shape fits nicely in both left and right hands.

- **High-precision scrolling**
Never use scroll bars again. Improve your searching speed by using the scroll wheel to quickly move through documents.
- **Striking silver and black design**
Add style to any desktop.
- **A total of six pre-programmed button functions**
You can also customize the buttons yourself with Logitech MouseWare® software
- **Five-year warranty**
