

CPP KEYLOCK

Key-lock

The CPP range of keyed couplers and adaptors comes as standard in three key sets Alpha, Beta and Delta, an Alpha Coupler will only fit with an 'Alpha' adaptor stopping cross contamination. All our male Keylocks have a seal at the base of the female thread for quick and easy sealing and essentially we have thread options for connecting to European and US IBC totes.

Chemical resistance, pressure ratings and food contact details are available from our website.

2" Keylock couplers

Part 'KD' — *Keylock female coupler X female thread*

ID	Product Number	Product Description	IBC Fitting
1	KACFD/20B/027	2" part `KD`, 2" Keylock coupler Alpha X 2" BSP female, G/P/P	N/A
2	KBCFD/20B/027	2" part `KD`, 2" Keylock coupler Beta X 2" BSP female, G/P/P	N/A
3	KDCFD/20B/027	2" part `KD`, 2" Keylock coupler Delta X 2" BSP female, G/P/P	N/A
4	KACFD/20N/027	2" part `KD`, 2" Keylock coupler Alpha X 2" NPT female, G/P/P	N/A
5	KBCFD/20N/027	2" part `KD`, 2" Keylock coupler Beta X 2" NPT female, G/P/P	N/A
6	KDCFD/20N/027	2" part `KD`, 2" Keylock coupler Delta X 2" NPT female, G/P/P	N/A

Keylock gasket

ID	Product Number	Product Description	IBC Fitting
1	KCG202/EPM/BL	2" Keylock gasket for 2" female coupler SAN., black	N/A
