

Datasheet

Grommet Strip PE Cable Grommet 25m 1.2 → 1.6mm dia.

RS Stock number 0429684

Features

Grommet Strips

Ideal for covering potentially dangerous edges of holes and cut outs. Flexible, extruded polythene strip with tapered continuous side walls ensuring a good grip of panels between 1 and 3.4mm thick. Minimum bend radius, 4, 5 and 6mm, minimum hole diameters 22, 25 and 30mm respectively.
