

Datasheet

RS Pro Cable Trunking Socket Box PVC Skirting Single Socket BS Standard Electric Socket Box

RS Stock No: **787-4542**

Product Details

RS Pro skirting single socket electric socket box is made of PVC. The SL slim line range of cable management product is manufactured from RAU PVC 1308 that is a tough, rigid material, with excellent resistance to chemicals and ageing. This trunking socket box is suitable for domestic and light commercial installations, including hotels and will fit standard British sockets. It is perfect for those faced with the challenge of re-cabling in refurbishment projects. Although slim line in design, the SL range can still address the need to segregate high and low voltage circuits. The Base is pre-punched, which facilitates speedy positioning and installation.

Features and Benefits

- Available in 70 x 20 and 110 x 20 mm
- Base material PVC-U 1530
- PVC-U 1309 cover
- Colour RAL 9010 pure white
