

Granite 5® Beta / Granite 5® Beta Dry

The ultimate grain leather cut resistant glove

Granite 5® Beta and Granite 5 Beta® Dry from Polyco is a high quality leather glove with a seamless Kevlar® liner that provides ultimate mechanical protection.

Made from a superior grain leather, it has a reinforced thumb crotch, a protective vein patch and additional leather protection to back of the cuff. The soft leather is reinforced with a seamless Kevlar® liner which provides maximum cut and puncture resistance, and optimum abrasion and tear resistance. Double stitched Kevlar® thread is used throughout, for additional strength. The Kevlar® yarn is made with a soft finish to provide exceptional comfort for the wearer allowing the glove to worn for long periods without discomfort. The elasticated wrist, which is reinforced with leather front and back, ensures that the glove fits securely and the hands remain free of dust and dirt. The Granite 5 Beta® Dry has an additional waterproof inner membrane and will keep the hands dry in wet conditions.
