

3M Eye Protection
3M™ Tora™ CSS

NEW

3M™ Eye Protection – Classic Line

3M™ Cord Control System (CCS)

Intelligent Protection

The new 3M™ Tora™ CCS protective eyewear features the integral 3M™ Cord Control System (CCS). CCS is designed to keep corded earplugs attached, untangled and ready for use. The earplug cord can also be used as a lanyard and worn around the neck to carry eyewear when neither product is in use.

3M

3M™ Eye Protection – Classic Line NEW 3M™ Tora™ CCS

Eye and Hearing Protection All in One

The 3M™ Tora™ CCS has a built-in temple groove feature that allows the wearer to attach a corded earplug, keeping both PPE products together. Workers who are intermittently exposed to noise can periodically take their earplugs out but still keep them handy.

The 3M™ Tora™ Cord Control System products have a comfortable, lightweight frame. The clear polycarbonate lenses absorb 99.9% of UV rays and meet the requirements of EN 166: 2001.

Features & Benefits

- + Designed to keep eyewear and earplugs attached, untangled and ready to use
- + Can help reduce the expense of replacing lost earplugs and eyewear
- + Compatible with a variety of 3M™ E-A-R™-corded earplugs
- + Earplug cord can be worn around the neck to carry eyewear when neither product is in use

3M™ Tora™ CCS
