**Closed professional headphones****HD 280 PRO****Cat. No. 04974****Description**

The HD 280 PRO are closed-back, circumaural headphones designed for professional monitoring applications. Although suitable for a very wide range of applications, the exceptional 32 dB attenuation of external noise makes the HD 280 PRO particularly useful for use in a high-noise environment.

**Features**

Accurate, linear reproduction for critical monitoring applications  
Replaceable parts for long life  
Neodymium magnets for optimum sensitivity and wide dynamic range  
Very good attenuation of background noise  
Lightweight design  
Comfortable fit due to soft, circumaural ear pads  
Easily replaceable, single-sided coiled cable  
Space-saving design with collapsible, rotating ear-pieces

**Technical data**

Transducer principle	dynamic, closed
Nominal impedance	64 Ohm
Sound pressure level (SPL)	102 dB (IEC 268-7)
Load rating	500 mW
THD, total harmonic distortion	0,1 %
Ear coupling	circumaural
Contact pressure	6 N
Weight w/o cable	220 g
Jack plug	3,5 / 6,3 mm stereo
Connection cable	Coiled cable (min1m/max 3m)
Frequency response (headphones)	8.....25000 Hz

**Delivery includes**

1 pair of HD 280 PRO headphones  
1 screw-type adaptor to 1/4"
