

## Guidance Note 7: Special Locations, 5<sup>th</sup> Edition

5<sup>th</sup> Edition

**Guidance Note 7: Special Locations provides a comprehensive guide to the various special locations and installations for which additions measurers are required to comply with BS 7671.**

**Amendment No. 3 publishes on 5 January 2015 and comes into effect on 1 July 2015. All new installations from this point must comply with Amendment No. 3 to BS 7671:2008.**

**This updated book not only contains information on the important changes expected in Amendment No. 3 but also now incorporates some guidance that was previously in Guidance Note 1. Make sure you have all the relevant, up-to-date information expected on the following topics:**

- Cables in bathrooms
- Outdoor lighting
- ELV lighting
- Mobile and transportable units

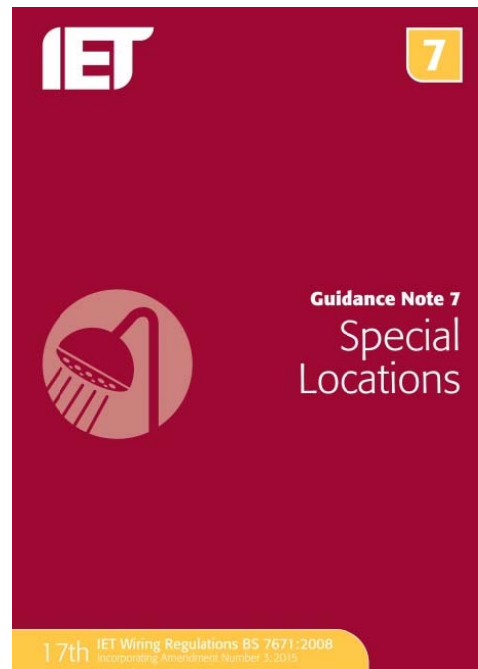

### READERSHIP

Anyone working with electrical installations in specific locations where guidance may vary. This includes consulting engineers, electricians, electrical installers, inspectors and technicians.
