Description:

The STANLEY FATMAX® 9 Piece Parallel/Flared/Pozi Screwdriver Set has been constructed using chrome vanadium steel, which allows for high torque and reduces the chances of tip breakage. The soft grip handle design offers a perfect grip and reduction in fatigue during application. The handle design has been moulded to the bar creating a virtually unbreakable bond that is highly reliable, enhancing the tool life. The smooth domed colour coded end offers a fast spinning action and easier identification for selecting the correct screwdriver for the correct application.
