

## 64337 A 48-15

Halogen lamps with reflector, current-controlled, 45...48 W

### Product benefits

- Reduced operation and maintenance costs due to long life time
- Instant and constant light output over the lamp life
- Flicker-free operation
- Mercury-free

### Product features

- Dimmable
- Available with connector combinations A, B, C/Z on request
- Infrared radiation output that provides light in the worst of conditions

### Safety advice

---

To prevent personal injury or damage to property, halogen lamps may only be operated in suitable luminaires designed with suitable mechanisms (protective shields, grids, etc.) to ensure that in the event of a lamp bursting no parts/shards can escape and that during operation no ultraviolet radiation can escape. There must also be a warning sign to indicate that the lamps give off high levels of heat. Detailed information is available on request.
