

STANLEY

STANLEY FatMax® Pro Snap-off Knife

5-10-820

Features:

- No tools required for blade changing for speed and ease
- Locking knob ideal for heavy duty applications
- Die cast aluminium housing for strength and durability
- Stainless steel cartridge holds 4 blades

Description:

The STANLEY FatMax® Pro Snap-off Knife features a blade locking knob for improved safety during heavy duty cutting. Blade change has been made easy and quick with no tools required. The aluminum housing and stainless steel cartridge provide strength and durability against rust. The cartridge can hold up to 4 blades.
