

RoHS Statement of Compliance

Requested Part

22 August 2007

5069854021

(Part 1 of 1)

(8-1193951-7,CGPT-9.5/4.8-0-SP)
CGPT-9.5/4.8-0-SP

Status:	Active
EU RoHS/ELV Code:	Always EU RoHS/ELV Compliant
Process Capable Code:	Not applicable for lead free solder process
China RoHS:	 No Restricted Materials Above Threshold
Exemptions:	No RoHS Substance Over Threshold

David R. Bender
Director – RoHS Program Mgmt.

The part numbers that Tyco Electronics has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hex chrome, mercury, PBB, PBDE, and 0.01% for cadmium, or qualify for an exemption to above limits as defined in the Annex of the EU RoHS Directive. Note that any exemptions taken in this case would not include application specific exemptions (e.g. lead in solder for servers) as Tyco Electronics cannot determine where component products will be used.

Additionally, the part numbers that are identified as 5 of 6 compliant meet the material limits described above, except that these products have lead in the solderable interface only. These products may be suitable for use in an application that has an exemption for the use of lead in solder (e.g. servers, network infrastructure, etc).
