The Tree-friendly, Electronic Alternative to Paper Note Books, Legal Pads and Sketch Pads

The Boogie Board Rip™ LCD Writing Tablet combines the exceptional, paper-like writing experience of all Boogie Board eWriters with the ability to record your written and drawn images and save them as electronic files with the touch of a button. Then simply connect the Boogie Board Rip tablet to a computer and transfer saved files for editing, organizing, archiving and/or sharing!

- Provides a completely electronic medium for creating and preserving notes and drawings
- Eliminates stacks of unmanageable paper note books and pads
- Reduces paper consumption
- Simplifies organization of notes – easily search and find saved files by date/name on your PC
- Makes writing, drawing and learning fun!

Goodbye Paper!
