

LABELCLENE – SELF-ADHESIVE PAPER LABEL REMOVER

PRODUCT CODE:

LCL200

PACKAGING:

200ml/ 275g silver aluminium aerosol with 2 colour vinyl label with brush and extension tube.

DESCRIPTION:

Specifically designed for the removal of self-adhesive paper labels from majority of surfaces. Test on a small area when dealing with sensitive plastics and painted surfaces. Do not use on polystyrene

WHERE AND HOW TO USE:

Use on all old and difficult to remove self-adhesive paper labels.

Remove cap and either;

- i) Spray so that the solution passes through brush onto label, or
- ii) Remove brush and replace with extension tube and spray.

Leave for approx 5mins to allow penetration and then remove label. Wipe surface clean.

Brush enables mechanical scrubbing action to aid removal.

SELLING POINTS:

- 1) Can remove label without leaving adhesive residue or scratching the surface.
- 2) Suitable for use on wood, metal, glass and most plastics when used as directed.
- 3) Quick and efficient to use.
- 4) Contains non CFC solvent – 100% Ozone Friendly
