

Clever Little Box

CA 9.4 Compact 4 Channel 12W Stereo Power Amplifier

This compact and lightweight, but robust 4 channel amplifier is an ideal 'component' unit for machines requiring high quality sound reinforcement.

Features:

- Ideal for use in gaming, vending and gambling machines
- Switchable high pass / low pass / full range
- Stereo input via phono sockets
- 2 x level controls
- Optional 230v power supply available
- Supplied with 12v power lead and speaker leads, both terminated with connector blocks

Specifications:

Model:	CA 9.4:
Output Power	4 x 12W RMS @ 4Ω
Signal to Noise Ratio	87dB @ 1KHz
Sensitivity	±3dBu, 550mv
Frequency Range	20Hz ~ 20KHz
Input Impedance (RCA)	1kΩ
Crossover Point	150Hz
Power	5A @ 12v DC
Dimensions	48(H) x 80(W) x 140(D) mm
Weight	375g
