

Product Information. PRODUCT CODE: W66231

Pal Disinfectant Wipes are effective against 99.9% of gram-positive and gram-negative bacteria, as well as most viruses, fungi and other micro-organisms including spores. They are pre-dosed with a dual active formulation ideal for providing effective infection control and preventing cross contamination of surfaces.

Areas of use:

Designed for the disinfection of hard surfaces, machinery, utensils and equipment, Pal Disinfectant wipes can be used in potentially sensitive areas including food production, food service, healthcare, general industry and public environments.

Benefits of use:

Compliant

- Controlled dosage ensures effective disinfection for every use.
- Chemical solutions proven effective against a wide range of organisms.

Convenient

- No requirement for pre-mixing, reducing wastage and risk of errors.
- Easy-to-clean canister which is easily carried or stored on a trolley.
- Wall brackets available for extra convenience.

Cost effective

- Saves valuable time and reduces the need for buckets and cloths.
- Refill bags are available for additional cost saving.
- Competitively priced.

Use biocides safely. Always read the label and product information sheet before use.
