RS Pro Black Double-Sided Foam Tape, 9mm x 30.5m, 3.2mm Thick

RS Stock No: **205-0956**

Product Details

RS Pro double-sided black PVC foam tape of 3.2 mm thickness, is self adhesive on both the sides and provides good retention on most common surfaces. This tape effectively reduces sound transmission and seals out dust, water, wind and light. The easy peel poly liner of the tape prevents stretching during installation and permits fast application. It offers excellent resistance to weather, oxidation and UV to ensure a long seal life. The tape measures 9 mm x 30.5 m. This tape is suitable for vibration damping, HV ac duct systems and glazing seal application.

Features and Benefits

- Effectively reduces sound transmission and seals out dust, water, wind and light
- High tack adhesive requires no curing
- Easy peel poly liner prevents stretching during installation and permits fast application
- Excellent resistance to weather, oxidation and UV
- Ideal for vibration damping, HVAC duct systems, glazing seals etc
- Measures 9 mm x 30.5 m

Specifications:

Application	Vibration Damping, HVAC Duct Systems, Glazing Seals
Backing Material	PVC Foam
Colour	Black
Length	30.5 m
Thickness	3.2 mm
Width	9 mm
