10m F/UTP, PVC Cat5e Ethernet Cable Assembly Blue

RS Stock number [557-054](#)

Description:

Category 5e Foiled Twisted Pair (F/UTP) patch cords conform to class D standards. Our patch cords are made to the highest standards, using only quality stranded cable, giving you the best in flexibility, plus, top grade 50 μ gold plated RJ45 connector plugs, for high quality connections. This combination makes for outstanding performance and reduced degradation. Aluminium tape is used to shield all 4 pairs; this gives a screened protection against external interference such as EMI. All patch cords are produced with a injection moulded boot with easy depression latch cover. Available across 8 colours, 6 standard lengths and in a PVC jacket. For best performance we recommend these as part of a full Optronics category 5e system.

Specifications:

- Length: 10m
- Out Sheath Material: PVC
- Sheath Colour: Blue
- Shield Type: F/UTP
- Wiring Configuration: Straight Through
