

Petzl Work at Height Advanced Package - pre packed work at height equipment - advanced

New

Along with the standard package we are also selecting Petzl personal equipment more suited to work positioning techniques, as well as basic fall arrest. These packages incorporate the latest AVAO full body harness technologies from Petzl coupled with the versatile GRILLON adjustable work positioning lanyard and ABSORBICA double fall arrest lanyards. Again, each package cannot include anchor systems as each work site will be different, but they do make an excellent basis from which to start.

Package Includes:

- AVAO BOD International
- OXAN Triact x 2
- DOUBLE ABSORBICA
- GRILLON & Hook 3m
- VERTEX BEST Yellow
- BUCKET Bag
