

## Inspection Date Labels

Inspection date labels can be used wherever a frequent and regular inspection of machinery and equipment is required. One example is the indication of the inspection date of fire extinguishers. Simply mark the label with a hole punch (275065, 225053 or 225054) and apply wherever you need it.

[Overview](#)   [Specifications](#)

**Article Number:** 806285

**Order Reference:** 806285

**Description:** Inspection Date Labels

**Brady Material Number:** [B-500](#)

**Material Type:** Vinyl cloth

**Colour:** Blue

**Legend:** 2015

**Size - Diameter (mm):** 25

**QTY/UOM:** 25 cards per pack
