8 Port Ethernet Network Switch

RS Stock number [794-7066](#)

Description:

The NLHUB-908A is a 8 port Ethernet switch. This product would be ideal at the heart of all home or small networking systems with its fast speeds of 10/100Mbps and its automatic MAC learning capabilities. The NLHUB-908A has a wall mountable case so it is possible to attach to a wall or be placed on a convenient flat surface.

Specifications:

- Complies with IEEE802.3, IEEE 802.3u standards
- 8 port 10/100 Mbps Auto-Negotiation RJ45 Uplink ports supporting Auto-MDI/MDI-X
- Supports IEEE 802.3x flow control for Full Duplex and Half Duplex modes
- Supports MAC address auto-learning and auto-aging
- Expandable by cascading more hubs together. LED indicators for monitoring power, link, activity
- Plastic case, desktop or wall-mounting design
- External Power Adapter supplied
